West Bay Harbor Drive

West Bay Harbor Drive

This condominium is being developed by Houston BH, LLC, a Florida limited liability company ("Developer"). Any and all statements, disclosures and/or representations shall be deemed made by Developer with respect to any and all matters relating to the marketing and/or development of the Condominium and with respect to the sales of units in the Condominium. Oral representations cannot be relied upon as contracts, stating the representations of the developer. For correct representations, make reference to this brochure and to the documents required by Section 786.033, Florida Statutes, to be furnished by a developer to a buyer or lessee. These materials are not intended to be an offer to sell, or solicitation to buy a unit in the condominium, unless an offering statement or the prospectus (offering circular) for the condominium and its statement of terms is made in the prospectus or in the applicable purchase agreement. If no written offering statement is made in the prospectus or in the applicable purchase agreement, an offer or sale of a unit in the condominium may be made in, or to residents of, any state or country in which such activity would be lawful. FOR THE CONDOS IDENTIFIED IN THE DOCUMENTS OF TITLE, IN A CLOSING STATEMENT, THE CONDOMINIUM AND ITS STATEMENT OF TERMS ARE THE CONTRACTUAL AGREEMENTS WHICH GOVERN THE RELATIONSHIP BETWEEN THE OWNER AND THE CONDOMINIUM. THE CONTRACTUAL AGREEMENTS ARE THE DOCUMENTS OF TITLE, THE CLOSING STATEMENT AND THE STATEMENT OF TERMS. The boundaries of the unit are the interior lines of the interior dimensions of the "unit" set forth in the documents of title (which generally include the interior walls and exclude exterior structural components and the common elements). These methods of determining the boundaries of the unit are the same methods used in other condominium projects that utilize the same methodology. Measurements of rooms set forth on this floor plan are generally taken at the farthest points of each given room (i.e. the room were a perfect rectangle), without regard for any cutouts or variations. Accordingly, the area of the actual room will typically be smaller than the product obtained by multiplying the listed length and width. All dimensions are estimates which will vary with actual construction, and all floor plans, specifications and other development plans are subject to change and will not necessarily accurately reflect the final plans and specifications for the development. The project graphics, renderings and text provided herein are copyrighted works owned by the Developer. All rights reserved. Unauthorized reproduction, display or other dissemination of such materials is strictly prohibited and constitutes copyright infringement. No real estate broker is authorized to make any representations or other statements regarding the project, and no agreements with deposits paid to or other arrangements made with any real estate broker are or shall be binding on the Developer.
