Exterior 401 SF / 37.2 M<sup>2</sup>

Total 3,273 SF / 304.1 M<sup>2</sup>

West Bay Harbor Drive

This condominium is being developed by Hilton HHonors, LLC, a Florida limited liability company ("Developer"). Any and all statements, disclosures and/or representations shall be deemed made by Developer and you agree to look solely to Developer with respect to any and all matters relating to the marketing and/or development of the Condominium and with respect to the sale of units in the Condominium. Oral representations cannot be relied upon as correctly stating the representations of the developer. For correct representations, make a reference to this brochure and to the documents required by Section 78:303, Florida Statutes, to be furnished by a developer to a buyer or lessee. These materials are not intended to be an offer to sell, or solicitation to buy a unit in the Condominium. Such an offering shall only be made pursuant to the prospectus or offering circular for the condominium and no statement should be relied upon unless made in the prospectus or in the applicable purchase agreement. In no event shall any solicitation, offer or sale of a unit in the Condominium be made, or to residents of any state or country in which such activity would be unlawful. FOR NEW YORK TENANTS AND CONDOMINIUM OWNERS: A CR-10 APPLICATION IS AVAILABLE FROM THE OFFICER, FILE NO. C/P/2014065. Scaled square footages and dimensions are based on the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact very from the true footage and dimensions that would be determined by surveying the property and plotting the "Unit" as formed by the Developer (and may generally only reflect the area available for living, working, sleeping, eating, storing, and other personal and household purposes and does not include components and other common elements). The project plans generally do not provide for a "unit" to have a footprint larger than the actual footprint of the unit. It is the intent of the Buyer to determine the Unit with units in other condominium projects that affect the same method. Measurements of rooms set forth on this floor plan are generally taken at the furthest points of each room (not at the corners) assuming a perfect rectangle. Actual room sizes may vary from the dimensions obtained by multiplying the length and width. All dimensions are estimates which will vary with actual construction, and all floor plans, specifications, and other development plans are subject to change and will not necessarily accurately reflect the final plans and specifications for the development. The project graphics, renderings and floor provided herein are copyrighted works owned by the Developer. All rights reserved. Unauthorized reproduction, display or other dissemination of such materials is strictly prohibited and constitutes copyright infringement. No real estate broker is authorized to make any representations or other statements regarding the projects, and no agreements, even deposits paid or other arrangements made with any real estate broker are or shall be binding on the Developer.
