This condominium is being developed by Hutton BH, LLC, a Florida limited liability company ("Developer"). Any and all statements, disclosures and/or representations shall be deemed made by Developer and you agree to look solely to Developer with respect to any and all matters relating to the marketing and/or development of the Condominium and with respect to the sale of units in the Condominium. Oral representations cannot be relied upon as correctly stating the representations of the developer. For correct representations, make a reference to this brochure and to the documents required by Section 78-303, Florida Statutes, to be furnished by a developer to a buyer or lessee. These materials are not intended to be an offer to sell, or solicitation to buy a unit in the Condominium. Such an offering shall only be made pursuant to the prospectus, offering circular for the condominium and no statement should be relied upon unless made in the prospectus or in the applicable purchase agreement. In no event shall any solicitation, offer or sale of a unit in the Condominium be made by, or to residents of, any state or country in which such activity would be unlawful. FOR NEW YORK INVESTORS: A CONDOMINIUM DOCUMENT IS FILED WITH THE CITY OF MIAMI AND IN A C.R.A. (APPLICATION AVAILABLE FROM THE OFFICE, FILE NO. C.R.P. 10-065, dated April 2006). Actual square footage and dimensions may differ from the source boundaries of the exterior walls and the centerline of interior dimensions and in fact very from the square footage and dimensions that are determined by multiplying the reported and published "Unit" area form the Disclosure Document (generally only one-half the distance between the exterior and interior walls of the unit is provided to the buyer or lessee for determining the Unit with units in other condominium projects that utilize same method). Measurements of rooms set forth on this floor plan are generally taken at the furthest points of each room (not at the corners) and are not necessarily a perfect rectangle. Actual room sizes will typically be smaller than the product obtained by multiplying the room's length and width. All dimensions are estimates which will vary with actual construction, and all floor plans, specifications, and other development plans are subject to change and will not necessarily accurately reflect the final plans and specifications for the development. The project graphics, renderings and floor provided herein are copyrighted works owned by the Developer. All rights reserved. Unauthorized reproduction, display or other dissemination of such materials is strictly prohibited and constitutes copyright infringement. No real estate broker is authorized to make any representations or other statements regarding the projects, and no agreements, even deposits paid or other arrangements made with any real estate broker are or shall be binding on the Developer.
