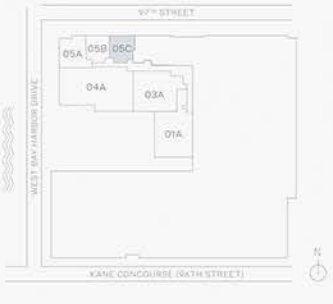
THE WELL
BAY HARBOR ISLANDS
MIAMI

Specifications

Total	964 SQ. FT. | 90 M²



This project is being developed by 97 Bay Harbor Islands, LLC, a Delaware limited liability company ("Developer"), which has a limited right to use the trademarks namely and logos of Terra and THE WELL. Any and all statements, assurances and representations, oral or otherwise made by Developer and not by Terra or THE WELL, and you agree to look solely to Developer (and not to, inter alia, THE WELL or any of their affiliates) with respect to any and all matters relating to the marketing and/or development of the project. The Terra and THE WELL groups of companies are each composed of several separate corporate and legal entities. Reference to Terra and THE WELL is merely for convenience and should not be relied upon for any other purpose. Developer is not and should not be relied upon by anyone stating the representations of the Developer. For current representations, make reference to this brochure and to the documents required by section 718.503, Florida Statutes, to be furnished by a developer to a buyer or lessee. These materials are not intended to be an offer to sell, or solicit a person to buy a unit in the condominium. Such an offering shall only be made pursuant to the prospectus (offering circular) for the condominium and no statements should be relied upon unless made to the prospective purchaser in the applicable purchase agreement. In no event shall any solicitation, offer or sale of a unit in the condominium be made in, or to residents of, any state or country in which such activity would be unlawful. Stated square footages and dimensions are approximate and are measured to the exterior boundaries of the finished walls and the centerline of interior demising walls and in fact vary from the square footage and dimensions that would be determined by using the descriptions and definitions of the "Unit" set forth in the Declaration (which generally only includes the interior airspace between the two finished walls, and excludes all exterior structural components and other common elements). This method is generally used in sales materials and is provided to allow a prospective buyer to compare the Units with Units in other condominiums which may not use the same method. Measurements of rooms set forth on this fact sheet are generally taken at the farthest points of each room (as if the room were a perfect rectangle), without regard for any reduction of variations. Accordingly, the area of the actual room will generally be smaller than the amount computed by multiplying the stated length and width. All dimensions are estimates and are subject to construction, as-built field changes, and minor variations. Actual dimensions may be greater or less than those stated. Furniture, accessories and floor plans are not specific to this development. The project graphics, renderings and text provided herein are copyrighted work owned by the Developer. All rights reserved. Unauthorized reproduction, display or other dissemination of such materials is strictly prohibited and constitutes copyright infringement. No real estate broker is authorized to make any representations or other statements regarding the projects, and no agreements with, deposits with or other arrangements made with any real estate broker are or shall be binding on the Developer. Equal Housing Opportunity.
